BP-125

Portable Time Solutions For The Construction and Remote Work Environments

When mainstream electricity is not a reliable option, the portable BP-125 offers a battery – powered time recorder. With the exception of the battery function, the BP-125 works with the same as the Acropoint Model 125 Time Recorder. BP-125 is a portable time solution for remote environments where power is a concern

Complete Package Deal Package Includes:
